FAQs

How do we know if I have been accepted?

Registration does not mean acceptance - You will be notified by email if you are accepted into the Global Virtual Student Experience. Please do check your spam! All email communication should be coming from globalstudentexperience@se.com.

Is this an internship?

No this is not an internship. However the Global Virtual Student Experience does provide participants with an opportunity to learn about Schneider Electric and discover potential career paths, e.g. a career in sales or services. This may make you more eligible for fast tracking in future applications in your country.

What languages are available for this experience?

This first season of the Global Virtual Student Experience will be conducted in English, a proficient level of English reading and writing will be needed to complete this program.

Can we register for both an Virtual Internship and the Global Virtual Student Experience?

Yes you can. The Virtual Internship and Global Virtual Student Experience are two separate programs.

What's in it for me to participate?

By participating in the Global Virtual Student Experience you can expect to receive:

- Useful skills & valuable insights into Schneider Electric
- Flexible, self-paced learning, do it from anywhere around the world!
- Build your CV and be awarded a certificate of completion
- Receive useful feedback that you can take with you – for your school work, for your next internship or even the next interview with us at Schneider Electric

Life Is On

I ran into a technical issue - who should I contact?

Email us at globalstudentexperience@se.com

How many hours will this take?

The Global Virtual Student Experience is approximately 6-8 hours of self-paced learning.

What's the timeline?

- Registrations are open from 1st June 2020 and close 15th June 2020 (Midnight US Eastern Time).
- Phase 1 (Online Learning) runs between 15th June 2020 until 15th July 2020 (US Eastern Time). In order to move on to phase 2 (Project Simulation) participants must complete Phase 1 by the 15th July 2020 (US Eastern Time).
- Phase 2 (Project Simulation) runs between 15th July and 1st August 2020 (US Eastern Time).
- Feedback and a certificate of completion will be provided by August 14th 2020 (US Eastern Time). This will only apply to participants who successfully complete all phases.

Can we choose to only complete phase 1?

- In order to move on to phase 2 (Project Simulation) participants must complete Phase 1 (Online Learning) by the 15th July 2020 (US Eastern Time). You are free to end your journey with us at phase 1 (Online Learning) without moving on to phase 2 (Project Simulation).
- Please note: to be eligible to receive feedback and a certificate of completion participants must successfully finish phase 2 by 1st August 2020 (US Eastern Time).

Are extensions allowed?

No, extensions will not be granted.

What types of courses can we expect?

The Global Virtual Student Experience consists of e-learning modules and an online project simulation. There are currently 2 learning pathways to choose from:

1. Sales: Discover our customers and partners, understand the value chain and learn how to influence a business. For all those seeking a basic knowledge and understanding of selling.
2. Services: Learn about how Schneider Electric maintains and improves system reliability, productivity, comfort and efficiency. We provide a sneak peek into our services business including our power, automation and control, and building life cycle service solutions.

Who is providing us feedback? Will this be useful for us in our country?

Feedback will be provided by Schneider Electric experts local to your country, e.g. *If you are a student participating from France, then you will receive feedback from a Schneider Electric expert in France.*

Can anyone participate? What countries is this available in?

The Global Virtual Student Experience is open to students from all countries. There are only a limited number of spots available across the globe. We will review the resume you've submitted to ensure the best fit with the Global Virtual Student Experience.

What are the eligibility requirements to participate? Who is this student open to ?

To be eligible to participate you must be a student that is currently enrolled in university or college, and have an interest in either sales or services.

Do I get a job at the end of this? does this lead to an actual internship?

The Global Virtual Student Experience does not guarantee the participant a job or internship afterward. However, you will be considered as a potential candidate for any future campus recruitment initiatives at Schneider Electric local to your country. For more information or to see any open roles please see se.com/jobs.

Can I put this on my resume?

Students who successfully complete all phases of the Global Student Experience will be awarded with a certificate of completion, that can be used to help build their CV.

How often do you run this experience?

The Global Student Experience is planned to run twice a year.

How is this student experience run? Is it all online? are there specific times to participate?

The Global Virtual Student Experience is run online, and consists of two phases.

- Phase 1 (Online Learning) runs between 15th June 2020 until 15th July 2020 (Midnight US Eastern Time), and consists of online e-learning modules. In order to move on to phase 2 (Project Simulation) participants must complete Phase 1 (Online Learning).
- Phase 2 (Project Simulation) runs between 15th July and 1st August 2020 (US Eastern Time), and consists of an online project simulation. Upon successful completion of all phases students will be eligible to receive feedback and be awarded a certificate of completion.
